Local rules: All participants are strongly encouraged to wear eye and ear protection on the firing line and eye protection, ear protection, and a hat is mandatory in the pits. All minors (under 18 years) must be under direct adult supervision anywhere on club property.

Every competitor is expected to have every shot in the frame. Equipment capable of 15 minutes elevation above the 200 yard zero with bullet muzzle velocity of 2700+/-400 fps is expected. Scorers are urged to ensure the shooter has his correct- zero on the rifle for the specific distance being shot.

The scorer is a “Match Official” and has a duty to pay close attention to shooter and must account for all rounds fired. If a non-visible miss off the target cannot be attributed to a cross fire, then the scorer must inform the line officer. Each shooter is responsible for every round fired by their rifle. Once the match starts, all shots fired including sighters must be accounted for. A non-visible miss may be grounds for removal from the line. The Chief Range Officer will have the authority to remove and/or disqualify the shooter.

If you develop a sight malfunction, the rules give you time to repair it. The line officer may insist you go to the 50-yard practice range, or the sight in range, and re-zero before he allows you to resume shooting at the High-Power range. If you cannot resume with your relay in the rule’s time available, the penalty described in the rules will be followed. We will not allow unsafe practices or non-visible misses. A Range Alibi maybe called for sighting problems at the discretion of the Chief Range Officer.

The 600-yard line is under cover. All positions will be shaded. No spikes on scope stands or rifle rests are permitted on the Astro-Turf. All muzzles must be across the white safety line. All other equipment shall remain behind the white safety line.

At the time of registration, PLEASE identify any cases of equipment sharing, need for help in the pits, new competitors, junior shooters needing an adult, etc. The Chief Range Officer and the Statistical Officer will do what they can to accommodate/balance the requests via squadding. Total satisfaction is not guaranteed.
